 Washington, D.C. 20231

**SUPPLEMENTAL PRELIMINARY AMENDMENT**

Dear Sir:

Prior to examination and further to the preliminary amendment submitted on October 8, 2001, please amend the above-identified application as follows:

**IN THE CLAIMS:**

Please amend claims 47 and 50 as indicated below in clean form:

Sub F17

47. (Amended) A method for controlling voice or data or both types of communications for use with a communication facility including remote terminals for individual callers, wherein said remote terminals include a digital input device for providing digital responsive signals, said method comprising the steps of:

receiving caller number identification signals indicative of at least a portion of a caller's number automatically provided by said communication facility;

cuing select remote terminals to prompt selective actuation by individual callers of said digital input device to provide responsive signals;

**CERTIFICATE OF TRANSMISSION**

I hereby certify that this paper (along with any referred to as being attached or enclosed) is being transmitted via facsimile ((703) 308-6296) on the date shown below to the Commissioner for Patents, Washington, D.C. 20231.
